

BUYING A PADDLE

There are many different types of paddles designed for different types of play. Prices start at around \$40.00 and up. Be sure to try out different paddles before you buy. You can contact one of the vendors listed below or visit one of the many tournaments in the area to try them out. Check out www.pickleballtournaments.com for tournaments going on in our area.

The paddles we use for our training are quite heavy, around 8 ounces or more. As your game progresses, you may wish to try a lighter paddle or stick with a heavier one, whatever works for you. Here are some of the more popular paddle vendors.
